INDIANA UTILITY  
REGULATORY COMMISSION

CAUSE NO. 42359

You are hereby notified that on this date the Indiana Utility Regulatory Commission ("Commission") caused the following entry to be made in this Cause:

On November 15, 2004, PSI Energy, Inc. ("PSI") filed a *Motion for Continuance of Real Time Pricing Collaborative* ("Motion") in the above captioned Cause. In support of its Motion PSI states that the May 18, 2004 Order in PSI's general retail rate case, Cause No. 42359, required the parties to undertake a collaborative process to consider ways that PSI's existing RTP tariff could be redesigned or modified to make it an effective program. The Order also indicates that a report that details the efforts of the RTP collaborative should be filed with the Commission by November 15, 2004. The Order also provided that the RTP tariff, Standard Contract Rider No. 21 "should be extended until January 31, 2005, whereupon it will automatically terminate." May 18, 2004 Order in Cause No. 42359, p. 127.

In its Motion PSI indicated that the first RTP Collaborative meeting occurred July 13, 2004, with a subsequent meeting on September 23, 2004. PSI has provided a revised RTP tariff proposal and proposed rate impacts to the participants. The next step in the RTP Collaborative is for the intervening parties to provide PSI with a response to its proposal. In its Motion PSI states that, despite due diligence by PSI and the Collaborative parties, more time is needed for PSI to formulate its RTP Collaborative Report. In addition, PSI advises that all Collaborative participants have been informed of this request and PSI has received no objections to date.

The Presiding Officers, having read and examined said Motion and being duly advised in the premises, hereby GRANT the Motion and find that PSI should file its RTP Collaborative Report with the Commission on or before January 31, 2005. PSI will file its RTP tariff, Rider 21, on or before March 31, 2005. In the interim, PSI should also file an amended RTP tariff Rider 21 with the Commission's Electricity Division that changes the termination date of the tariff rider from January 31, 2005 to March 31, 2005.

**IT IS SO ORDERED.**
